As a not-for-profit independent organisation our costs do not go to any boards or shareholders, just back into providing a great unique purpose built space for innovation and community, but we do price match and try to work to clients budgets so let us know if we can help.

To hire any of our spaces, email hello@odileeds.org or give us a call on 07895 845749. odileeds.org
Food and drink are crucial as part of a successful event. Unlimited tea, coffee, water and biscuits are available throughout the day and we pride ourselves on providing locally sourced, delicious, healthy and plentiful food options to meet every budget.

Our food choices have a direct impact on the environment, which is why we offer vegetarian and vegan only as standard. However we can accommodate most other dietary requests. We can also provide breakfast and afternoon tea to suit budgets, and we can offer alcoholic beverages as part of a catering package, please ask for details in your enquiry.
